

## How to make a puppet theatre

### You will need

- Large cardboard box
- Pencil and Ruler
- Scissors
- Tape
- String
- Material or paper for curtains
- Craft glue

### Instructions

1. Draw a square window at the front of the box

2. With a piece of board underneath the area to be cut out, carefully cut the opening with a scissors. **Children should be a safe distance away while this is being done.**

3. Paint or colour the box with bright colours.

4. Use different materials to decorate,

5. For curtains, material or paper. Use tape to stick the curtains to the inside of the window and tie with string
6. Well done - next you can make puppets!
