

Christ Church C of E Primary School PSHE Policy

Includes: Policy for Drug and Alcohol Education

Date of policy May 2023

Member of staff responsible Jennie Paterson
Subject Lead - PSHE

Review date May 2026

Context

All schools must provide a curriculum that is broadly based, balanced and meets the needs of all pupils. Under section 78 of the Education Act 2002 and the Academies Act 2010, a PSHE curriculum:

- Promotes the spiritual, moral, cultural, mental and physical development of pupils at the school and of society, and
- Prepares pupils at the school for the opportunities, responsibilities and experiences of later life.

PSHE

At Christ Church School, we teach Personal, Social, Health Education as a whole-school approach to underpin children's development as people and because we believe that this also supports their learning capacity.

The 'Jigsaw Programme' offers us a comprehensive, carefully thought-through Scheme of Work which brings consistency and progression to our children's learning in this vital curriculum area. The overview of the programme can be seen on the school website.

This also supports the "Personal Development" and "Behaviour and Attitude" aspects required under the Ofsted Inspection Framework, as well as significantly contributing to the school's Safeguarding and Equality Duties, the Government's British Values agenda and the SMSC (Spiritual, Moral, Social, Cultural) development opportunities provided for our children.

Statutory Relationships and Health Education

Please refer to 'DGAT Relationships and Health Education Policy'

"The Relationships Education, Relationships and Sex Education and Health Education (England) Regulations 2019, made under sections 34 and 35 of the Children and Social Work Act 2017, make Relationships Education compulsory for all pupils receiving primary education...They also make Health Education compulsory in all schools except independent schools. Personal, Social, Health and Economic Education(PSHE) continues to be compulsory in independent schools."

DfE Guidance p.8

“Today’s children and young people are growing up in an increasingly complex world and living their lives seamlessly on and offline. This presents many positive and exciting opportunities, but also challenges and risks. In this environment, children and young people need to know how to be safe and healthy, and how to manage their academic, personal and social lives in a positive way.”

“This is why we have made Relationships Education compulsory in all primary schools in England...as well as making Health Education compulsory in all state-funded schools.”

“In primary schools, we want the subjects to put in place the key building blocks of healthy, respectful relationships, focusing on family and friendships, in all contexts, including online. This will sit alongside the essential understanding of how to be healthy.”

“ These subjects represent a huge opportunity to help our children and young people develop. The knowledge and attributes gained will support their own, and others’ wellbeing and attainment and help young people to become successful and happy adults who make a meaningful contribution to society.”

Secretary of State Foreword DfE Guidance 2019 p.4-5

“Schools are free to determine how to deliver the content set out in the DfE guidance 2019 in the context of a broad and balanced curriculum. Effective teaching in these subjects will ensure that core knowledge is broken down into units of manageable size and communicated clearly to pupils, in a carefully sequenced way, within a planned programme of lessons.”

DfE Guidance p.8

“ All schools must have in place a written policy for Relationships Education and RSE.”

DfE Guidance p.11

Here, at Christ Church Primary School we value PSHE as one way to support children’s development as human beings, to enable them to understand and respect who they are, to empower them with a voice and to equip them for life and learning.

We include the statutory Relationships and Health Education within our whole-school PSHE Programme.

To ensure progression and a spiral curriculum, we use Jigsaw, the mindful approach to PSHE, as our chosen teaching and learning programme and tailor it to your children’s needs. The mapping document: Jigsaw 3-11 and statutory Relationships and Health Education, shows exactly how Jigsaw and therefore our school, meets the statutory Relationships and Health Education requirements.

This programme’s complimentary update policy ensures we are always using the most up to date teaching materials and that our teachers are well-supported.

Our PSHE policy is informed by existing DfE guidance:

- [Keeping Children Safe in Education](#) (statutory guidance)
- [Respectful School Communities: Self Review and Signposting Tool](#) (a tool to support a whole school approach that promotes respect and discipline)
- [Behaviour and Discipline in Schools](#) (advice for schools, including advice for appropriate behaviour between pupils)
- [Equality Act 2010 and schools](#)
- [SEND code of practice: 0 to 25 years](#) (statutory guidance)
- [Alternative Provision](#) (statutory guidance)
- [Mental Health and Behaviour in Schools](#) (advice for schools)
- [Preventing and Tackling Bullying](#) (advice for schools, including advice on [cyberbullying](#))
- [Sexual violence and sexual harassment between children in schools](#) (advice for schools)
- [The Equality and Human Rights Commission Advice and Guidance](#) (provides advice on avoiding discrimination in a variety of educational contexts)
- [Promoting Fundamental British Values as part of SMSC in schools](#) (guidance for maintained schools on promoting basic important British values as part of pupils' spiritual, moral, social and cultural (SMSC))
- [SMSC requirements for independent schools](#) (guidance for independent schools on how they should support pupils' spiritual, moral, social and cultural development).

It is also aligned with the Church of England's "A CHARTER FOR FAITH SENSITIVE AND INCLUSIVE RELATIONSHIPS EDUCATION, RELATIONSHIPS AND SEX EDUCATION (RSE) AND HEALTH EDUCATION (RSHE)" and draws on the advice given in the Church of England document 'Valuing All God's Children: Guidance for Church of England schools on challenging homophobic, biphobic and transphobic bullying' (Church of England Education Office, [second edition updated summer 2019](#)).

The Jigsaw Programme is aligned to the PSHE Association Programmes of Study for PSHE.

What do we teach when and who teaches it?

Whole-school approach

Jigsaw covers all areas of PSHE for the primary phase including statutory Relationships and Health Education. The table below gives the learning theme of each of the six Puzzles (units) and these are taught across the school; the learning deepens and broadens every year.

Term	Puzzle (Unit)	Content
Autumn 1:	Being Me in My World	Includes understanding my own identity and how I fit well in the class, school and global community. Jigsaw Charter established.
Autumn 2:	Celebrating Difference	Includes anti-bullying (cyber and homophobic bullying included) and understanding

Spring 1:	Dreams and Goals	Includes goal-setting, aspirations, who do I want to become and what would I like to do for work and to contribute to society
Spring 2:	Healthy Me	Includes drugs and alcohol education, self-esteem and confidence as well as healthy lifestyle choices, sleep, nutrition, rest and exercise
Summer 1:	Relationships	Includes understanding friendship, family and other relationships, conflict resolution and communication skills, bereavement and loss
Summer 2:	Changing Me	Includes Relationships and Sex Education in the context of coping positively with change

At Christ Church Primary School we allocate a session to PSHE each week in order to teach the PSHE knowledge and skills in a developmental and age-appropriate way.

These explicit lessons are reinforced and enhanced in many ways:

Assemblies and collective worship, praise and reward system, Learning Charter, through relationships child to child, adult to child and adult to adult across the school. We aim to 'live' what is learnt and apply it to everyday situations in the school community.

Class teachers deliver the weekly lessons to their own classes.

Policy for Drug and Alcohol Education

Definition of 'Drugs':

This policy uses the definition that a drug is: 'A substance people take to change the way they feel, think or behave' (United Nations Office on Drugs and Crime). The term 'Drugs' includes

- All illegal drugs
- All legal drugs including alcohol, tobacco and volatile substances which can be inhaled •
All over-the-counter and prescription medicines

Effective Drug and Alcohol Education can make a significant contribution to the development of the personal skills needed by pupils as they grow up. It also enables young people to make responsible and informed decisions about their health and well-being.

Moral and Values Framework

The Drug and Alcohol Education programme at our school reflects the school ethos and demonstrates and encourages the following values. For example:

- Respect for self
- Respect for others
- Responsibility for their own actions
- Responsibility for their family, friends, schools and wider community

Jigsaw Drug and Alcohol Education Content

The grid below shows specific Drug and Alcohol Education learning intentions for each year group in the 'Healthy Me' Puzzle.

Year Group	Piece Number and Name	Learning Intentions 'Pupils will be able to...'
2	Piece 3 Medicine Safety	understand how medicines work in my body and how important it is to use them safely feel positive about caring for my body and keeping it healthy
3	Piece 3 What Do I Know About Drugs?	tell you my knowledge and attitude towards drugs identify how I feel towards drugs
4	Piece 3 Smoking	understand the facts about smoking and its effects on health, and also some of the reasons some people start to smoke
		can relate to feelings of shame and guilt and know how to act assertively to resist pressure from myself and others

	Piece 4 Alcohol	understand the facts about alcohol and its effects on health, particularly the liver, and also some of the reasons some people drink alcohol can relate to feelings of shame and guilt and know how to act assertively to resist pressure from myself and others
5	Piece 1 Smoking	know the health risks of smoking and can tell you how tobacco affects the lungs, liver and heart make an informed decision about whether or not I choose to smoke and know how to resist pressure
	Piece 2 Alcohol	know some of the risks with misusing alcohol, including anti-social behaviour, and how it affects the liver and heart make an informed decision about whether or not I choose to drink alcohol and know how to resist pressure
6	Piece 2 Drugs	know about different types of drugs and their uses and their effects on the body particularly the liver and heart be motivated to find ways to be happy and cope with life's situations without using drugs
	Piece 3 Alcohol	evaluate when alcohol is being used responsibly, anti-socially or being misused tell you how I feel about using alcohol when I am older and my reasons for this

Christ Church School statement

- Christ Church School believes that the presence of unauthorised drugs in our school is not acceptable.
- We want our school to be a safe place for us all to work, and the presence of unauthorised drugs represents a threat to our health and safety.

Drugs at school

- Pupils may not bring prescribed medication into school. Parents may visit the school in the lunch break to bring and administer prescribed medication themselves, by prior arrangement.
- Where children have medical needs, parents must give us details of the child's condition and medication. Parents will bring the medication to school in a secure, labelled container. Emergency medication may be stored securely in the classroom (for anaphylaxis or asthma); other drugs will be stored securely in the School Office.
- Solvents and other hazardous chemicals must be stored securely, to prevent inappropriate access, or use by pupils. Teachers are cautious with older, solvent-based Tippex, with aerosols, with glues and with board-cleaning fluids.

- Legal drugs are legitimately in school only when authorised by the head teacher. Members of staff who smoke must keep their tobacco and matches or lighters secure. Smoking is not permitted anywhere in the school or grounds.
- Alcohol to be consumed at community or parents' events will be stored securely beforehand. To sell alcohol we must be licensed under the Licensing (Occasional Permissions) Act, 1983.

Drugs incidents

- An incident involving unauthorised drugs in school is most likely to involve alcohol, tobacco or volatile substances, rather than illegal drugs.
- The first priority is safety and first aid, i.e. calling the emergency services and placing unconscious people in the recovery position. An intoxicated pupil does not represent a medical emergency, unless unconscious.
- Pupils suspected of being intoxicated from inhaling a volatile substance will be kept calm; chasing can place intolerable strain on the heart, thus precipitating sudden death.
- Any drug suspected of being illegal will be confiscated and stored securely, awaiting disposal; these precautions must be witnessed and recorded. Staff should not taste unknown or confiscated substances.
- Legal but unauthorised drugs or medicines will also be confiscated, and will be returned to parents; the school may arrange for the safe disposal of volatile substances.
- Where a pupil is suspected of concealing an unauthorised drug, staff are not permitted to carry out a personal search, but may search pupils' bags, trays etc.
- The head teacher will decide if the police need to be called or whether the school will manage the incident internally.
- A full record will be made of any incident.
- The head teacher will conduct an investigation into the nature and seriousness of any incident, in order to determine an appropriate response.

Responsibilities

The Headteacher will:

- ensure that staff and parents are informed about this drugs policy;
- ensure that the policy is implemented effectively;
- manage any drug-related incidents;
- ensure that staff are given sufficient training, so that they can teach effectively about drugs, and handle any difficult issues with sensitivity;
- liaise with external agencies regarding the school drugs education programme;
- monitor the policy on a day-to-day basis, and report to governors, when requested, on the effectiveness of the policy.

The Governing body will:

- designate a governor with specific responsibility for drugs education;
- establish general guidelines on drugs education;
- support the head teacher in following these guidelines;
- inform and consult with parents about the drugs education policy;
- liaise with the LA and health organisations, so that the school's policy is in line with the best advice available;
- support the head teacher in any case conferences, or in appeals against exclusions.

The role of parents

The school is well aware that the primary role in children's drugs education lies with parents. We wish to build a positive and supporting relationship with the parents of our pupils, through mutual understanding, trust and cooperation. To promote this objective, we will:

- inform parents about the school drugs policy;
- invite parents to view the materials used to teach drugs education in our school;
- answer any questions parents may have about the drugs education their child receives in school;
- take seriously any issue which parents raise with teachers or governors about this policy, or about arrangements for drugs education in the school;
- encourage parents to be involved in reviewing the school policy, and making modifications to it as necessary;
- inform parents about the best practice known with regard to drugs education, so that the parents can support the key messages being given to children at school.

When an incident concerning unauthorised drugs has occurred in school, and a pupil is involved, we will inform the parents, and explain how we intend to respond to the incident.

Staff will be cautious about discharging a pupil to the care of an intoxicated parent, particularly when the parent intends driving the pupil home. Staff will suggest an alternative arrangement. The focus will be the pupil's welfare and safety. Where the behaviour of an intoxicated parent repeatedly places a child at risk, or the parent or carer becomes abusive or violent, staff should

consider whether the circumstances of the case are serious enough to invoke child protection procedures, and possibly the involvement of the police. **The Head teacher, as Designated Child Protection Officer, should be informed immediately of any such situation.**

Confidentiality and handling sensitive and controversial issues

Sensitive and controversial issues may arise due to the nature of this subject. The curriculum is designed to allow pupils the opportunity to address such issues and express their views.

Teachers should

- ensure pupils establish ground rules about acceptable behaviour during discussion
- judge when to allow pupils to discuss such issues
- provide appropriate support after a session for any pupil who may be troubled by an issue raised by them or others
- Teachers must be aware of the procedure for the handling of sensitive and controversial issues.

- Information about pupils should not be passed on indiscriminately
- Staff have a contractual obligation to inform the headteacher of important issues. The importance of these issues to be determined by the headteacher
- Teachers must use their professional judgement when disseminating information of a confidential or sensitive nature.
- Teachers should not offer pupils or their parents **'unconditional confidentiality.'**
- Teachers should make it clear to pupils that although most information can be kept confidential, some may need to be passed on in the young person's best interest.
- The pupil will be informed when this has to happen, what will be done with the information and who will have access to it.

Monitoring and review

The Curriculum and Pastoral Committee of the governing body will monitor the drugs policy on a regular basis. If the policy appears to need modification, then the committee will report its findings and recommendations to the full governing body. The curriculum committee takes into serious consideration any representation from parents about the drugs education programme, and comments will be recorded.

Policy Review

This policy is reviewed every 3 years.

Relationships Education in Primary schools – DfE Guidance 2019

The focus in primary school should be on teaching the fundamental building blocks and characteristics of positive relationships, with particular reference to friendships, family relationships, and relationships with other children and with adults.

The guidance states that, by the end of primary school:

	Pupils should know...	How Jigsaw provides the solution
Families and people who care for me	<ul style="list-style-type: none"> • that families are important for children growing up because they can give love, security and stability. • the characteristics of healthy family life, commitment to each other, including in times of difficulty, protection and care for children and other family members, the importance of spending time together and sharing each other's lives. • that others' families, either in school or in the wider world, sometimes look different from their family, but that they should respect those differences and know that other children's families are also characterised by love and care. • that stable, caring relationships, which may be of different types, are at the heart of happy families, and are important for children's security as they grow up. • that marriage represents a formal and legally recognised commitment of two people to each other which is intended to be lifelong (Marriage in England and Wales is available to both opposite sex and same sex couples. The Marriage (Same Sex Couples) Act 2013 extended marriage to same sex couples in England and Wales. The ceremony through which a couple get married may be civil or religious). • how to recognise if family relationships are making them feel unhappy or unsafe, and how to seek help or advice from others if needed. • about different types of bullying (including cyberbullying), the impact of bullying, responsibilities of bystanders (primarily reporting bullying to an adult) and how to get help. • what a stereotype is, and how stereotypes can be unfair, negative or destructive. • the importance of permission-seeking and giving in relationships with friends, peers and adults. 	<p>All of these aspects are covered in lessons within the Puzzles</p> <ul style="list-style-type: none"> • Relationships • Changing Me • Celebrating Difference • Being Me in My World
Online relationships	<ul style="list-style-type: none"> • that people sometimes behave differently online, including by pretending to be someone they are not. 	<p>All of these aspects are covered in lessons within the Puzzles</p>

	<ul style="list-style-type: none"> • that the same principles apply to online relationships as to face-to-face relationships, including the importance of respect for others online including when we are anonymous. • the rules and principles for keeping safe online, how to recognise risks, harmful content and contact, and how to report them. • how to critically consider their online friendships and sources of information including awareness of the risks associated with people they have never met. • how information and data is shared and used online. 	<ul style="list-style-type: none"> • Relationships • Changing Me • Celebrating Difference
Being safe	<ul style="list-style-type: none"> • what sorts of boundaries are appropriate in friendships with peers and others (including in a digital context). • about the concept of privacy and the implications of it for both children and adults; including that it is not always right to keep secrets if they relate to being safe. • that each person’s body belongs to them, and the differences between appropriate and inappropriate or unsafe physical, and other, contact. • how to respond safely and appropriately to adults they may encounter (in all contexts, including online) whom they do not know. • how to recognise and report feelings of being unsafe or feeling bad about any adult. • how to ask for advice or help for themselves or others, and to keep trying until they are heard, • how to report concerns or abuse, and the vocabulary and confidence needed to do so. • where to get advice e.g. family, school and/or other sources. 	<p>All of these aspects are covered in lessons within the Puzzles</p> <ul style="list-style-type: none"> • Relationships • Changing Me • Celebrating Difference

Physical health and mental well-being education in Primary schools – DfE Guidance

The focus in primary school should be on teaching the characteristics of good physical health and mental wellbeing. Teachers should be clear that mental well-being is a normal part of daily life, in the same way as physical health.

By the end of primary school:

	Pupils should know	How Jigsaw provides the solution
Mental wellbeing	<ul style="list-style-type: none"> • that mental wellbeing is a normal part of daily life, in the same way as physical health. • that there is a normal range of emotions (e.g. happiness, sadness, anger, fear, surprise, nervousness) and scale of emotions that all humans experience in relation to different experiences and situations. • how to recognise and talk about their emotions, including having a varied vocabulary of words to use when talking about their own and others' feelings. • how to judge whether what they are feeling and how they are behaving is appropriate and proportionate. • the benefits of physical exercise, time outdoors, community participation, voluntary and service-based activity on mental well-being and happiness. • simple self-care techniques, including the importance of rest, time spent with friends and family and the benefits of hobbies and interests. • isolation and loneliness can affect children and that it is very important for children to discuss their feelings with an adult and seek support. • that bullying (including cyberbullying) has a negative and often lasting impact on mental well-being. • where and how to seek support (including recognising the triggers for seeking support), including whom in school they should speak to if they are worried about their own or someone else's mental well-being or ability to control their emotions (including issues arising online). 	<p>All of these aspects are covered in lessons within the Puzzles</p> <ul style="list-style-type: none"> • Healthy Me • Relationships • Changing Me • Celebrating Difference

	<ul style="list-style-type: none"> it is common for people to experience mental ill health. For many people who do, the problems can be resolved if the right support is made available, especially if accessed early enough. 	
Internet safety and harms	<ul style="list-style-type: none"> that for most people the internet is an integral part of life and has many benefits. about the benefits of rationing time spent online, the risks of excessive time spent on electronic devices and the impact of positive and negative content online on their own and others' mental and physical wellbeing. how to consider the effect of their online actions on others and knowhow to recognise and display respectful behaviour online and the importance of keeping personal information private. why social media, some computer games and online gaming, for example, are age restricted. that the internet can also be a negative place where online abuse, trolling, bullying and harassment can take place, which can have a negative impact on mental health. how to be a discerning consumer of information online including understanding that information, including that from search engines, is ranked, selected and targeted. where and how to report concerns and get support with issues online. 	<p>All of these aspects are covered in lessons within the Puzzles</p> <ul style="list-style-type: none"> Relationships Healthy Me
Physical health and fitness	<ul style="list-style-type: none"> the characteristics and mental and physical benefits of an active lifestyle. the importance of building regular exercise into daily and weekly routines and how to achieve this; for example, walking or cycling to school, a daily active mile or other forms of regular, vigorous exercise. the risks associated with an inactive lifestyle (including obesity). how and when to seek support including which adults to speak to in school if they are worried about their health. 	<p>All of these aspects are covered in lessons within the Puzzles</p> <ul style="list-style-type: none"> Healthy Me
Healthy eating	<ul style="list-style-type: none"> what constitutes a healthy diet (including understanding calories and other nutritional content). the principles of planning and preparing a range of healthy meals. 	<p>All of these aspects are covered in lessons within the Puzzles</p> <ul style="list-style-type: none"> Healthy Me

	<ul style="list-style-type: none"> the characteristics of a poor diet and risks associated with unhealthy eating (including, for example, obesity and tooth decay) and other behaviours (e.g. the impact of alcohol on diet or health). 	
Drugs, alcohol and tobacco	<ul style="list-style-type: none"> how to recognise early signs of physical illness, such as weight loss, or unexplained changes to the body. about safe and unsafe exposure to the sun, and how to reduce the risk of sun damage, including skin cancer. the importance of sufficient good quality sleep for good health and that a lack of sleep can affect weight, mood and ability to learn. about dental health and the benefits of good oral hygiene and dental flossing, including regular check-ups at the dentist. about personal hygiene and germs including bacteria, viruses, how they are spread and treated, and the importance of handwashing. the facts and science relating to immunisation and vaccination 	<p>All of these aspects are covered in lessons within the Puzzles</p> <ul style="list-style-type: none"> Healthy Me
Basic first aid	<ul style="list-style-type: none"> how to make a clear and efficient call to emergency services if necessary. concepts of basic first-aid, for example dealing with common injuries, including head injuries. 	<p>All of these aspects are covered in lessons within the Puzzles</p> <ul style="list-style-type: none"> Healthy Me
Changing adolescent body	<ul style="list-style-type: none"> key facts about puberty and the changing adolescent body, particularly from age 9 through to age 11, including physical and emotional changes. about menstrual wellbeing including the key facts about the menstrual cycle. 	<p>All of these aspects are covered in lessons within the Puzzles</p> <ul style="list-style-type: none"> Changing Me Healthy Me
